Loved Unicorn.. Whow. What a game. An exauhsting challenge. And it leaves a deep feel good feeling upon completion. Well, for me at least.

So, in this game you play as the extremely lovable character Cerdocornico. You shoot space bugs and die very easily. This game is very hard. The game features a strange mechanic that has you jump and shoot at the same time. It's not like I spend all my awake time playing games, but I'd say it's pretty unique. It takes a while before you see any variation in enemies but that doesn't matter much. The sound effects are pretty fun. Try enter a wrong password.

Is it worth it's price? I don't like the valuing games for their price. Games should be valued for their story, for their gameplay, for their originality, for their ingeniuty. And I will say that this game has those.. This is the best 0,99\u20ac I have ever spent in my entire life.. This is the best 0,99\u20ac I have ever spent in my entire life.. If you're into Spanish Unicorns, then this is the game for you! Definitely the most amusing intro I've ever seen in a game, so if I was rating the game for the intro...100%. The gameplay uses a very unusual control mechanic, but it's one you could get used to. Perhaps the game is intended for a much younger audience.
